

The Breakfast Club

This 8 week program is designed for those horse crazy kids who want more than what a regular lesson program provides. Suitable for those aged 8 – 14 years with little or NO experience with horses or horseback riding as well as for intermediate riders. Students will graduate through the beginner, novice and intermediate levels as their progress grows.

- **An essential program for those interested in owning their own horse or those in a leasing program.**
- **Mandatory enrollment for those committed students interested in attending local shows and the Perth Fair with an equine member of West Winds Ranch.**

Each 8 week program incorporates hands-on practical instruction with theory study focused on the English hunt seat discipline & proper horsemanship skills & stable management practices.

Written & riding tests, plus a stable management critique will be held on the final day of each program session. Students may graduate to the next program level after successfully passing the given tests at the end of each 8 week session.

- **All riding programs follow CHA & EC guidelines for safe riding programs.**

COST: \$200.00 (GST incl.) per 8 week session
